

November 2020- July 2021

THE ANGELS SCHOOL

1. A NON-PROFIT COMMUNITY INTEREST COMPANY (CIC)

SCHOOL YEAR

Starts 2nd November 2020 until 18th July 2021.

2020-2021 Class Term dates:

<i>Autumn Term 1b</i>	02/11 to 20/12	7 weeks
<i>Spring Term 2a</i>	04/01 to 14/02	6 weeks
<i>Spring Term 2b</i>	22/02 to 28/03	5 weeks
<i>Summer Term 3a</i>	19/04 to 30/5	6 weeks
<i>Summer Term 3b</i>	07/06 to 18/07	6 weeks

We do not have classes on UK Bank Holidays unless there is an exceptional circumstance. The following bank holiday and the school breaks between terms above are not included in your fees.

UK Bank Holiday:
Monday 3rd May

2. FEES

Are broken down into two categories:

- The recommended full, live online curriculum- £310 per month
- Purchase of the 3 Quantum sessions to be studied in the student's own time, with Tutor email support- £210 per month. People who are interested in this package because for example they are not Home Schooled and therefore are not available at our school times, should contact us.

1. *Young people have a choice! So that we can gauge whether the student is interested in becoming a student here, please contact us to arrange a approx. 20-minute Personal Interview with the student, in the parent's presence.*
2. *Then contact us to receive the bank details for the £50 deposit.*

3.

For ease of payment, the yearly fee is broken down into 9 equal monthly payments.

However, the option to pay for the year in full at £2790 is also available. In line and in support of our school motto “Where We are One”, one full year paying student enables another student who is financially under privileged to attend at half price.

Students wishing to provide another with this opportunity should contact us for bank details.

Students wishing to join the Waiting List for a reduced place should sign up here <https://forms.gle/PdCiv8AjFL4g7cCy6>

4. TIMETABLE

Because of the time of day of these classes, this school is recommended for young people who are Home Schooled.

All students will take part in English and General Science (Biology, Chemistry, Physics) 3x per week. Maths will be twice as they will also participate in Maths For Physics. These subjects will follow the UK National Curriculum.

Monday	8.45-9am Meditation	9-10am Eng/Sci/Math	10.15-11.30am Quantum Physics	12.15-1.45pm Quantum Computing	2-3pm Maths for Physics	-	-
Tuesday	8.45-9am Meditation	9-10am Eng/Sci/Math	10.15-11.30am Quantum Consciousness	12.15-1.45pm Quantum Computing	2-3pm Quantum Cosmology	-	-
Wednesday	8.45-9am Meditation	9-10am Eng/Sci/Math	10.15-11.30am Quantum Physics	12.15-1.45pm Quantum Consciousness	2-3pm Sacred Geometry	-	-
Thursday	8.45-9am Meditation	10-11am Eng/Sci/Math	11-12pm Eng/Sci/Math	12.45-1.45pm Eng/Sci/Math	2-3pm Alternative Healing Therapies	3-3.30pm Sills for Living (Starting with Honesty & Responsibility)	3.30-4pm Meditation Studies
Friday	8.45-9am Meditation	9-10am Eng/Sci	10.15-11.30am Eng/Sci	12.15-1.15pm How Things Work	1.15-2.15pm Skills For Living (Starting with Diversities & Similarities)	2.30-3.30pm Sacred Acoustics	-

Mon- 8.45am – 3pm
 Tues- 8.45am – 3pm
 Wed- 8.45am – 3pm
 Thur- 8.45am – 4pm
 Fri- 8.45am – 3.30pm

5. METHOD OF LIVE ONLINE LEARNING

Classes will be taught virtually via Zoom or similar platform. Log in details will be sent via email to the email address registered on the Class4Kids booking system, closer to the time.

6. ADDITIONAL SUBJECTS

The curriculum will evolve and increase in level as the years go by, so that all of the subjects listed on our Curriculum page are covered.

The following subjects will have a change of topic in Year 1:

Science & Spirituality- Will start with a background of Alternative Healing Methods and will then lead into Herbalism and others.

Skills for Living- Will focus on our concept-based lessons and will change throughout the year. This will start with Honesty & Responsibility and Diversity & Similarities.

7. TUTORS AND TEAM

Tutors will only have access to student Emergency Contact details. Which will be used in cases of concern for the student during a class. All teachers will be fully police checked if they are to be left unsupervised with the students.

Our Curriculum devisers are all university graduates within the subject field.

8. ENTRY REQUIREMENTS

This school is currently only for individuals aged 9-12 on 1st September 2020. In time and if requested, we will introduce classes for people outside of this age bracket.

Students do not need to have any previous experience in any of our subjects offered.

The recorded Quantum Package is available for anyone to purchase but the recommended age is 9-17 because of the youthful approach that the tutors will take.

9. REQUIREMENTS- WHAT STUDENTS WILL NEED

Students may be requested to purchase some items for their lessons. We endeavor to give parents/carers sufficient notice and to keep costs to a minimum.

Students will also require a working computer/laptop, microphone and camera, which should be left on unless momentarily. An iPad or tablet may also work

Students must be appropriately dressed on live classes, with an adult close by within hearing distance.

10. STUDENT QUALIFICATIONS

Maths, English and Science material will be geared towards enabling our students to obtain an early GCSE.

Students will not receive a recognised qualification for our other subjects. There is currently no accreditation in Quantum Computing. If a young person wants to learn about Quantum Computing, to attain a formal qualification they will need a Physics degree and then Major in Quantum Physics. We are leading the way in this area by offering this information to people of this young age.

At the end of Year 1, all participating students will receive an outline of the areas of knowledge gained, which they can use to go into similar sectors. For e.g. within a few years, it is said that a knowledge of Quantum Computing will be essential to go into any sector of I.T.

11. LEVEL OF STUDY

Material will be High School to University level material tailored to 9-12 year olds. Our Curriculum devisers are all university graduates within the subject field.

12. ALTERATIONS OR CLASS CANCELATIONS

Any changes to the curriculum will be communicated to parents/carers at the soonest opportunity.

If The Angels School feels it necessary to have to cancel any class, a replacement class will be scheduled either on the Friday or Thursday morning. The recording will be made available for those who cannot attend.

If a student is absent from a class, they will only be sent the class recording if requested because they know that it will realistically be watched before the next class. We advise all students to watch the recording of missed sessions in order to catch up.

13. VALUES BASED CURRICULUM

•**Awareness**- Students will be given awareness of these subjects and how they work. So that they can be aware that they exist and decide what they think about them for themselves rather than have them taught to them as fact. They will also be taught about awareness of each other with the pretext that We Are One- Life.

•**Honesty**- Students will get to see the benefit of an honest person and world.

•**Responsibility**- Students will learn about being responsible and the benefits of responsibility.

All tales, stories and subject matters will revolve around these concepts

14. REASON FOR OUR EXISTENCE

Did you know that the Placebo effect of fake surgeries can be just as effective as real ones? Or that Crystals are used in iPhones, TV's and more because they can produce electricity. What about that in 1941, when Henry Ford displayed a car that was made out of soybean, hemp and plastics; it was lighter than steel and withstood ten times the impact...without denting.

What does this say? Not that there are materials out there like Crystals and capabilities of the human mind that we are not taught to develop or make use of, for the higher good of our species and the planet?

What if we were able to awaken a human's innate, powerful capabilities and curiosity. To lovingly experiment with naturally produced resources. Is it not possible that the future of our species and planet could 'Work' for EVERYTHING AND ALL?

What if those who had a strong, heartfelt desire to make a difference had the option to develop and work at, or encourage their children to develop and work at solving some of these issues on a daily basis for long enough, to instil the ideals of Love, Awareness, Honesty and Responsibility into their way of being for life as an adult.

These opportunities are not easily available. Can you see that it should at least be an option for the desired few that would allow them to fulfil that desire? There is the option for all other types of school, why not one that could make a difference to the overall wellbeing of humanity?

I invite you to come on board and support the "The Angels School", which will empower and excite young people, with study, in what might have previously been considered the impossible.

Where children will discuss stats like:

7,000 compounds used in modern medicine are derived from plants, so why not learn how to make your own medicinal herbs? 27,000 trees are felled each day for toilet paper and that Quantum Physics proved that that if you travelled fast enough around the world, you'd come back and see yourself taking off.

And get to make a decision about who they now choose to be amid of all this.

15. CONTACT

**The Angels School ••• 0208 111 1718 ••• info@theangelsschool.co.uk •••
